Hi Bob,

Just wanted to let you know that we paid special attention to the Windward and facilities area where the filming was taking place yesterday and today, as requested. We were able to pressure wash along the pedestrian walkway between where Windward dead-ends and Speedway, including hot spots around trash cans.

I also made contact with the film crew this morning and passed them my card in case they had any special requests for clean-up in our areas.

Thanks so much to you and the team for help with the mattress bulk item disposal this morning. We appreciate your partnership.

Have a great weekend!
